

**Retest Policy**

Students who score within the range below may retest after two weeks of the initial testing. Students are strongly encouraged to study before retesting. A study guide is available at [www.haywood.edu/testing](http://www.haywood.edu/testing). Additional practice questions are available at [www.testprepreview.com/accuplacer\\_practice.htm](http://www.testprepreview.com/accuplacer_practice.htm). Practice activities are also available in the Teaching and Learning Center in Room 338.

If qualified, students may retest once in each section of the ACCUPLACER.

**Retesting after completing a developmental course**

A student who wishes to retest after completing a developmental course will be referred to the TLC for remediation. When the student feels sufficiently ready, he/she may take the competency exam for the course. If the student passes that test taken in the TLC, the instructor will sign the referral form and the student will be eligible to retest in that area. This policy includes students who receive a “CT” in a developmental course.

**Retesting after an extended absence from school**

Students who are absent from school for three or more years are eligible for retesting. Students should discuss this option with a member of the student services staff. A study guide is available at [www.haywood.edu/testing](http://www.haywood.edu/testing). Additional practice questions are available at [www.testprepreview.com/accuplacer\\_practice.htm](http://www.testprepreview.com/accuplacer_practice.htm). Practice activities are also available in the Teaching and Learning Center in Room 338.
