TLC Hours

Monday -Thursday:
8:00 a.m.- 6:30 p.m.
Friday: 8:00 a.m.- 4:00 p.m.
Phone: 627-4696

Location

The Teaching and Learning Center is located in Bldg 300 – Room 339B. The Teaching and Learning Center has been very busy this semester. We have increased demand this semester for a Science Lab to help students with Biology and Anatomy and Physiology. More students than ever realize they need help.

Need Help with a Class?

Please visit the TLC and fill out an application for **free** tutoring. You'll be glad you did.

Grammar Lab

Margaret Studenc and Sandra Dillingham are offering Grammar Lab every Tuesday and Thursday from 3:00 - 4:00 p.m. in Room 327.

Can you be A Tutor?

Are you an A or B student? Come to the TLC and get an application to be a tutor. Tutors are paid \$7 an hour.

We appreciate all of our wonderful tutors. We would like you to meet some of them.

Jeaniece Ford, Science Tutor

Jeaniece has been tutoring biology for the Haywood Early College students. Jeaniece is tutoring HEC students several

hours a week and her students really like her. Please say thanks to Jeaniece next time you see her or when you visit Haywood Early College.

Judy Fleming, Math Tutor

Judy is a Haywood County Native and worked for the Department of DSS for the past 11 years as a benefits specialist. She decided three years ago that it was time for a career change! While enrolled at HCC she discovered that she had a talent for math and became our tutor in Math Lab. Judy will be graduating this summer and she is looking forward to becoming a full time student at WCU this fall.

Good Luck Judy!!

Community Volunteers

Margaret LaFata, Community Volunteer

The TLC staff would like to thank our Community Volunteers, Leora Schermehorn, Jim Bond, and Margaret LaFata for the many hours they spend tutoring our HCC students. Leora is a retired community college teacher; she tutors English. Jim tutors chemistry and math. Margaret tutors Developmental Math and English. Margaret is new in the area but very involved in her new community. She worked at Davidson County Community College in the Basics

Skills

Division

before moving to Haywood County.

Margaret and her husband Dr. John LaFata live in Bethel with their two children.

TUTOR TRAINING

We had very successful tutor training on March 11. Our new tutors learned about the TLC Mission Statement, confidentiality, rules and regulations, ethics and professionalism. Our tutors got a chance to know each other. The tutors had small group discussions and discussed the greatest challenges of tutoring. Thanks to Susan Roberts for coordinating this training!!

Workshops

Margaret Studenc's Documentation Workshop

The TLC would like to thank faculty and staff for giving their time to help our students by offering Academic Workshops. Also, we would like to thank the HCC Foundation for the Mini Grant that helps to provide food and prizes for our workshops. Our faculty members have been very good in volunteering their time to help the TLC with math, English, and science labs. We can't thank you enough for all you do!

Developmental Math Review

Developmental Math Review Session coming Saturday to a theatre near you!! Paul Puckett will soon announce an April date/time for a "crash" session.
