Program & Technical Standards for Building Construction Technology Majors

Concerns with a Course

If you have any concerns about a course, including accessibility concerns, **first consult your instructor**. If after meeting with your instructor, if you feel that your concern has not been satisfactorily addressed, or if you feel that you cannot effectively communicate with your instructor about the issue, you may contact the following people in the following order:

Second Contact

Dean of Business and Industry: Douglas Long, (828) 565-4070, delong@haywood.edu
Department Assistant: Julie Newland (828) 627-4619

Third Contact

Vice President of Instruction: Wendy Hines, (828) 565-4069, whines@haywood.edu

Program Outcomes

The Building Construction Technology degree program is designed to facilitate development of the following program outcomes:

1. Students should be able to safely erect framing necessary to begin roof framing.
2. Demonstrate an understanding of code standards and related references relevant to the construction industry.
3. Students should be able to safely erect different roof types and install exterior finishes.
4. Identify construction materials, their properties, and proper application and installation.
5. Calculate material needs for a building project.
6. Describe basic construction sequences for residential applications.

EXAMPLES ARE NOT ALL INCLUSIVE.

Haywood Community College is an ADA compliant institution. The College does not discriminate on the basis of disability in the admissions process or in access to its programs, services and/or activities for qualified individuals who meet essential eligibility requirements. The College will provide reasonable accommodations for documented disabilities of individuals who are eligible to receive or participate in college programs, services and/or activities. Student Services provides a disability counselor to assist students in requesting disability related accommodations. If a student believes that he/she cannot meet one or more of the essential functions without accommodations, the student is encouraged to disclose the disability to the disability counselor as soon as possible. Students must certify the ability to *meet essential functions of the curriculum by a signed statement in the beginning of the program*.

Clinical and Lab Activity Information

Program of Study: Building Construction Technology

Department: Business & Industry
