Program & Technical Standards for Professional Crafts-Jewelry Majors

Concerns with a Course

If you have any concerns about a course, including accessibility concerns, **first consult your instructor**. If after meeting with your instructor, if you feel that your concern has not been satisfactorily addressed, or if you feel that you cannot effectively communicate with your instructor about the issue, you may contact the following people in the following order:

Second Contact

Dean of Business and Industry: Dr. Regina Hartley, (828) 565-4070, rdhartley@haywood.edu
Department Assistant: Julie Newland (828) 627-4619

Third Contact

Vice President of Instruction: Wendy Hines, (828) 565-4069, whines@haywood.edu

Program Outcomes

The Professional Crafts-Jewelry degree program is designed to facilitate development of the following program outcomes:

1. Understand the properties and characteristics of metals associated with jewelry and metalsmithing.
2. Understand and demonstrate a variety of jewelry and metalsmithing techniques and processes.
3. Understand and demonstrate jewelry and metalsmithing forming techniques.
4. Understand and demonstrate a variety of jewelry and metalsmithing decorative processes.
5. Understand and demonstrate basic stone-setting techniques.
6. Choose suitable tools, technologies practices, and materials to solve problems based on function, aesthetic, and/or other design considerations.
7. Understand appropriate levels of craftsmanship and produce objects at the highest level.
8. Develop an individualized design aesthetic and produce items within that aesthetic.

EXAMPLES ARE NOT ALL INCLUSIVE.

Haywood Community College is an ADA compliant institution. The College does not discriminate on the basis of disability in the admissions process or in access to its programs, services and/or activities for qualified individuals who meet essential eligibility requirements. The College will provide reasonable accommodations for documented disabilities of individuals who are eligible to receive or participate in college programs, services and/or activities. Student Services provides a disability counselor to assist students in requesting disability related accommodations. If a student believes that he/she cannot meet one or more of the essential functions without accommodations, the student is encouraged to disclose the disability to the disability counselor as soon as possible. Students must certify the ability to *meet essential functions of the curriculum by a signed statement in the beginning of the program.*
