

UNIQUE LEARNING EXPERIENCES

Haywood Community College offers real-world pharmacy software experiences.

Haywood Community College is extremely grateful for the opportunity to partner with PioneerRx and provide students with the highest quality academic opportunities and understanding of safe medication practices they can utilize throughout their pharmacy technician careers.

- PioneerRx is the control center of successful independent pharmacies. Collaborating with industry leaders, the software delivers weekly, cutting-edge updates that are designed to empower pharmacies for continued success and improved patient outcomes. PioneerRx has become the tool of choice for pharmacies determined to make a difference in the future of healthcare.
- PioneerRx software provides interactive simulation training in the following areas:
 - Pharmacy Workflow
 - Inventory Management
 - Enhanced Pharmacy Services
 - Continuing Education Opportunities (more information at a later date)
- Through PioneerRx University, educational institutions such as HCC can offer hands-on learning experiences within their program to provide students with a strong pharmacy foundation.
