

HAYWOOD COMMUNITY COLLEGE	ADMINISTRATIVE <b>HUMAN SUBJECTS RESEARCH</b>	Policy 2.4.1
------------------------------	--	--------------

Research conducted by College faculty, staff or students that involves human subjects must be reviewed and approved by the College's Research Review Committee to ensure the safety and ethical treatment of all persons involved as well as compliance with federal and state law. The President shall establish procedures governing research that includes human subjects, including the role of the Research Review Committee, consistent with state and federal law and department of Health and Human Services and Food and Drug Administration regulations.
