

Program & Technical Standards for Cosmetology Majors Concerns with a Course

Haywood Community College reserves the right to implement technical standards to protect the safety and health of all students and any clients/patients served in clinics, labs, and shops, and further, to prepare students for employment in the program of study. Please check with the academic advisor before enrolling to review specific technical standards based on job requirements for the program of study.

If a student believes that he or she cannot meet one or more of the technical standards without accommodations or modifications, the College must determine, on an individual basis, whether or not the necessary accommodations or modifications can be reasonably made.

Haywood Community College is committed to providing equal educational opportunities for students with documented disabilities. The College complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, which stipulates that no student shall be denied the benefits of an education "solely because of a disability." Disabilities covered by law include, but are not limited to, learning disabilities, psychological disabilities, and hearing, sight, or mobility impairments.

Students with a disability are encouraged to disclose their disability to a Student Wellness Counselor. Reasonable accommodations can be provided after the submission of appropriate documentation. For more information, please get in touch with Student Wellness in Student Services at (828) 627-4504/or by email at HCC-Wellness@haywood.edu.

Program Outcomes

1. The Cosmetology degree program is designed to facilitate development of the following program outcomes:
2. Identify and practice laws (General Statutes, Chapter 88) governing salons and schools.
3. Demonstrate and explain safety procedures and precautions while completing assignments.
4. Demonstrate first aid treatments for various injuries that may occur in the cosmetology clinic or a salon
5. Practice managing a salon, with dispensary duties.
6. Identify diseases and disorders of the hair and scalp; identify which can be treated by cosmologists and which must be referred to physician.
7. Demonstrate the proper techniques for draping, shampooing, conditioning, reconditioning and scalp massage.
8. Practice and demonstrate proper procedures for design
9. Practice and demonstrate proper procedures for sculpture
10. Practice and demonstrate proper procedures for perm designs.
11. Practice and demonstrate proper procedures for color design.
12. Identify diseases and disorder of the nail and identify which must be referred to physician.

Haywood Community College is an ADA-compliant institution. The College does not discriminate based on disability in the admissions process or in access to its programs, services, and/or activities for qualified individuals who meet essential eligibility requirements. The College will provide reasonable accommodation for documented disabilities of individuals eligible to receive or participate in college programs, services, and/or activities. Student Services provides a disability counselor to assist students in requesting disability related accommodations. Suppose a student believes he/she cannot meet one or more essential functions without accommodation. In that case, the student is encouraged to disclose the disability to the disability counselor as soon as possible. Students must certify their ability to meet crucial tasks of the curriculum by a signed statement at the beginning of the program.

Program & Technical Standards for Cosmetology
Majors Concerns with a Course
