The HCC Foundation supports student, faculty and staff success by providing financial support when other funds are not necessarily available. Without assistance from The Foundation, support integral to students’ education would potentially remain unfunded, minimizing future opportunities for them and their families.

- Adult High School Scholarships
- Annual Curriculum Scholarships
- Continuing Education Scholarships
- Emergency Funds to Support Completion
- Endowment Scholarships
- Mini Grants for Faculty and Staff
- Student Learning Opportunities
- Student Transportation
- Support of Student Clubs
- Timbersports Team Competitions
- Tools and Technology Scholarships

At HCC we have the opportunity to build futures every day— one student at a time. We strive to strengthen educational opportunities for our students by providing up-to-date facilities and equipment to ensure high quality instruction in each of our programs. As a current priority, the Public Services Training Facility will provide opportunities for emergency responders from all sectors to simulate actual emergency situations including multiple fire scenarios, vehicle extrications, hostage situations and more.

- Public Services Training Facility
- Arboretum Projects
- Campus Buildings
- State-of-the-Art Equipment

To be completed on the campus of HCC in 2016, the Public Services Training Facility is designed to train first responders to secure the safety and security of Haywood County.

- Bag Lunch Project for Student Hunger
- College Night for High School Students
- College Transfer Day
- Entrepreneurship Activities
- Financial Aid Day
- Honors Day Celebration
- PC’s for High School Students
- Veteran’s Day Recognition

As needs arise throughout the year requiring funding beyond the capability of departmental budgets, the HCC Foundation enables our students to continue on their educational journeys without hesitation. As a result, the HCC Foundation provides support for campus club activities, as well as discretionary funds that facilitate removing barriers to completing students’ educational goals.
